April 29, 2016

54th Street Reconstruction

Dear Resident:

Spring is here and the contractor has begun doing miscellaneous work item repairs to finalize the project. Crews have started repairing irrigation systems. Please turn on your irrigation system to see if any additional repairs are needed. If you have a leak please turn off that zone and contact me immediately.

The seeding contractor is waiting for dry days to do his work. He is scheduled to begin working next week if the weather stays dry thru the weekend. Some areas that were seeded have limited germination of blue grass. The contractor will spread more seeds to augment and improve these areas.

If you have other remaining needs, please call and I will add them to the list for completion as soon as possible. Please contact me at 612-255-4030 or mhorn@sehinc.com.

Sincerely,
Mike Horn
City of Edina On-site Representative
