<b>Company</b>		<b>Amount of Quote or Bid</b>
1. Bituminous Roadways, Inc		\$ 78,634.00
2. Midwest Asphalt Corporation		\$ 88,865.00
3. Northwest Asphalt, Inc.		\$ 91,077.00
<b>RECOMMENDED QUOTE OR BID:</b>		
Bituminous Roadways, Inc		\$ 78,634.00
<b>GENERAL INFORMATION:</b>		
<p>This project is for street improvements for the Frontage Road on the east side of TH100 from Eden Avenue to Southview Lane. The project includes milling and overlaying the existing roadway with a bituminous pavement utilizing an echelon paving technique. (i.e. when two pavers are spaced so that the first lane does not cool significantly before the second lane is laid. If constructed properly, a hot joint appears almost seamless and produces the highest density when compared to the semi-hot and cold joints.) This will require that the roadway will be shut down for paving activities but will result in a better end product. A detour will be set up to alert the traveling public.</p> <p>This project will be funded by the general fund and is within budget. Bituminous Roadways has worked cooperatively with the City of Edina in the past and is a very reputable Contractor. Staff recommends awarding the project to Bituminous Roadways, Inc.</p>
