**General Information:**

This project is for the construction of a sidewalk from the Public Works & Park Maintenance Facility to Edina Industrial Boulevard along the west side of Metro Boulevard. Staff has had discussions with the property owners and the response has been positive. Staff has seen numerous pedestrians walking in the roadway along Metro Boulevard to access the businesses at Metro and Edina Industrial Boulevards typically around lunchtime and also during morning and afternoon bus departures. This sidewalk will provide a pedestrian link for the local businesses to that area.

The project is scheduled to be completed by November 1, 2013.

This project will be funded by the Pedestrian and Cyclist Safety (PACS) Fund. Staff recommends awarding the project to C.R. Fischer, Inc.
