

ADVISORY COMMUNICATION

To: City Council

From: Energy and Environment Commission

Date: 10/14/2013

Subject: Advisory Communication – Energy and Environment Commission, Comprehensive Plan Chapter 10 Carbon Reduction Goal

Attachments: None

Action Requested:

The EEC request City Council to ask the City Manager to Perform a rough quantitative analysis of the Green House Gas (GHG) impact of proposed new City facilities including:

- A new sports dome
- New outdoor refrigerated ice rinks
- New parking structures at 50th and France

Review how addition of these structures will impact Edina's goal of 25% GHG gas reduction by 2025, and the likelihood of achieving that goal.

Situation:

Background:

GHG goal is from Comprehensive Plan Chapter 10.2.3.

Assessment:

Recommendation:
