

APPENDIX A

2011 Open House Meeting

Braemar Hills 'B' and 'C' Neighborhood Roadway and Utility Improvements

September 9, 2011

RE: 2013 Roadway and Utility Improvements

Dear Resident:

The City of Edina has initiated the process of roadway and utility improvements for the summer of 2013 for your neighborhood. The first step is to have an open house to familiarize you with the City's process for street reconstruction.

You are invited to attend an open house on Thursday, September 22, 7:00 p.m. at the Public Works and Park Maintenance Facility, located at 7450 Metro Boulevard. The meeting will consist of a short presentation starting at 7:15 p.m. with question and answer to follow. The presentation will cover topics such as "How are streets selected for reconstruction; Who funds the project; Special assessment; What can I expect during construction; How can I stay informed." Please keep in mind that this meeting will not cover project specific details, that meeting will come at a later time.

The exact amount that you will be assessed for this project will not be available in time for the open house; however, based on past projects, you can expect the amount to be between \$6,000 to \$9,000.

To better communicate the overall happenings of the project, the City has introduced the City Extra e-mail notification service. This service is free and allows individuals to sign up to receive e-mail messages from the City on a variety of topics. To sign up for the service go to the City Extra website at <http://cityextra.cityofedina.com> and place a check mark in the box next to your neighborhood project name (**Braemar Hills 'B' and 'C'**). Please contact the City at 952-927-8861 if you are having trouble signing up for City Extra.

If you cannot attend the open house and have questions on the process please contact either Assistant City Engineer Jack Sullivan at 952-826-0445 or email at jsullivan@ci.edina.mn.us or Project Manager Jamie Cynor at 952-826-0440 or email jcynor@ci.edina.mn.us.

Sincerely,

Wayne D. Houle, P.E.
Director of Public Works/City Engineer

OPEN HOUSE

for

2013 Neighborhood Roadway Improvements

9/22/2012

1

WHY ARE WE HERE?

- For Engineering staff to communicate to residents the reconstruction process directed by Council
- Staff is not here to debate the process but rather to educate and to gather input from residents
- Council determines if a street reconstruction project proceeds

2

AGENDA

3

TYPICAL TIMELINE

FROM FIRST NOTIFICATION TO END OF CONSTRUCTION

April	Kick-off informational letter to residents
May	Open House (for preceding two years)
July / August	Neighborhood Informational Meeting – draft project plans and estimated costs are provided
December / January	Feasibility Report and Public Hearing
January / February / March	Plan Preparation / Bidding
April / May	Construction Begins
October / November	Construction Complete
Following Spring	Warranty Work
Following Summer / Fall	Final Assessment Hearing

4

PROCESS FROM START TO END

Questions

6

FUNDING

Special Assessment pays 100% of the following (approximately \$x,000 to \$xx,000 per Residential Equivalent Unit (REU):

- Roadway – replacing entire roadbed
- Sidewalks
- Decorative Streetlights (optional)
- Traffic Management (optional)

7

FUNDING

The **Utility Fund** which covers sanitary sewer, storm sewer and watermain pays 100% of the following:

- Curb & Gutter (will be added or may be replaced)
- Sanitary Sewer – trunk pipe only within the roadway
- Storm Sewer – trunk pipe within roadway and within easements on private property
- Watermain – trunk pipe in roadway up to the curb stop of private property
- Sump Pump Pipe – for residents to connect sump pumps

Questions

12

COMMUNICATING WITH YOU

Our first contact with you is when we inform you of the informational meeting, followed by public hearings notification; open house; surveys; project plans and schedules; and construction update letters via regular mail. Our last communication to you is the notice of final special assessment hearing.

Public hearings will be published in the *Edina Sun-Current*.

Questionnaires will be sent during the early planning stage to help staff formulate a decision in areas such as street lighting and style of street lighting.

Weekly construction updates will be sent via the "City Extra" email. Stay in the loop by signing up for this free service.

Letters may be delivered to inform you of time-sensitive events such as water shut-offs 24-hrs in advance.

13

HOW CAN YOU GIVE INPUT AND STAY INFORMED?

- www.EdinaMN.gov

Visit our website regularly. Information from open houses and other communications are archived on our website.

- edinamail@EdinaMN.gov

Drop us an email

- 952-826-0371

Call us; office hours are 7:00-3:30 p.m.

- Stop by the office

Public Works and Engineering Departments

7450 Metro Boulevard

- Schedule an appointment

952-826-0371

14

RESIDENT QUESTIONNAIRE

The property owners questionnaire generally gathers information on the following topics:

- Sump Pump Discharge Service Line – do you have one and the location?
- Residential Roadway Lighting – do you want decorative street lights, style and pole location?
- Pedestrian Issues – what are the issues and do you favor sidewalks?
- Private Underground Utilities – do you have underground lawn irrigation and pet containment?
- Local Drainage Problems – have you noticed drainage issues in the neighborhood?

3. Assessments
4. Communication with residents
5. [What to expect during construction](#)
6. What can I do to prepare for the project?

Questions

16

WHAT CAN YOU EXPECT DURING CONSTRUCTION?

- That the City will keep you informed of activities
- Private utility companies updating their systems prior to City's contractor
- Dusty, noisy, muddy (watering trucks will help to keep dust down)
- May be asked to limit water use

17

WHAT CAN YOU EXPECT DURING CONSTRUCTION?

- Irrigation system and pet containment may be damaged. The irrigation system will not be fixed until the end of the project.
- Prior to construction, residents will be given an opportunity to remove plantings and other landscape features in the boulevard.
- Boulevards will be restored with grass – regardless of previous planting or landscaping.

18

WHAT CAN YOU EXPECT DURING CONSTRUCTION?

- May be connected to temporary water

19

WHAT CAN YOU EXPECT DURING CONSTRUCTION?

- May not be able to access your driveway for up to seven days

20

WHAT CAN YOU EXPECT DURING CONSTRUCTION?

- May not be able to access the roadway for a few hours. Some days it may not be accessible by vehicle. Contractor will accommodate special needs.

5. What to expect during construction
6. What can I do to prepare for the project?

Questions

22

WHAT CAN YOU DO TO PREPARE FOR THE PROJECT?

- Begin financial planning for the assessment
- Coordinate landscaping, driveway replacement and house remodeling projects with the reconstruction schedule
- Complete questionnaire to provide feedback
- Ask questions; inform staff of your concerns
- Sign-up for "City Extra" to receive updates via email notification

23

APPENDIX B

Property Owners

Questionnaire

July 13, 2012

2013 Neighborhood Roadway Reconstruction

Braemar Hills B Neighborhood

Dear Resident:

Some streets in your neighborhood are on a list of roadway reconstruction and utility improvement projects being considered by the City of Edina for the summer of 2013. See the attached map identifying your project area.

Please save the date of **Wednesday, Aug. 8** to attend an informational meeting from 6 to 8 p.m. to learn information about how projects are funded, a typical construction timeline, how you will be impacted and how you can prepare. A meeting reminder will be mailed to you approximately two weeks prior.

Meantime, we'd like to hear from you. The City would like your input regarding key components of the project via the attached questionnaire. Please read the instructions, fill out the questionnaire and return it to us in the enclosed envelope by July 30.

How the City will use your input:

- Your responses help us design the project. Components of a project vary and are based on both the condition of the infrastructure and questionnaire responses.
- Residents pay a portion of the overall project cost in the form of a special assessment. The estimated special assessment for your neighborhood will not be determined until information is gathered from the questionnaires and a feasibility report is completed in early September. You will not be billed for the special assessment until fall 2014. The special assessment is payable over 10 years.
- The special assessment typically includes cost of the new roadway, sidewalk and streetlights. However, sidewalks and streetlights are not included with every project. The questionnaire helps us evaluate need for these items. Other utility upgrades such as water main, sanitary sewer, storm sewer and concrete curb and gutter are funded through the utility fund and are not assessed to property owners.

After we review questionnaire responses, we will continue the project planning process. We will present detailed project plans in October or November, followed by a public hearing in December or January. Construction will begin in spring/early summer and end in late fall of 2013.

If you have any questions, please contact me at 952-826-0318 or cmillner@EdinaMN.gov or Engineering Technician Jamie Cynor at 952-826-0440 or jcynor@EdinaMN.gov.

Sincerely,

Chad Millner, PE
Assistant City Engineer

Resident Questionnaire

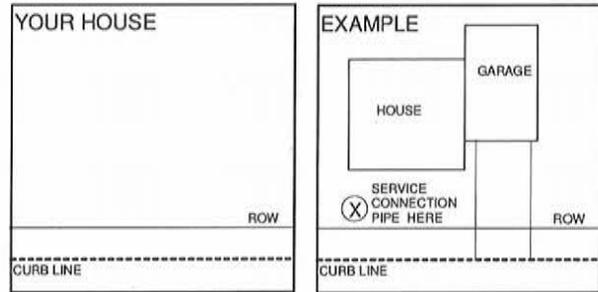

Braemar Hills B Neighborhood Roadway Reconstruction

Thank you in advance for your time. Your input is important to us. Please read the Questionnaire Instructions before completing this questionnaire.

I. Drainage Service Connection:

- A. Does your home have a drain tile/footing drain? Yes No Unknown
- B. Does your home have a sump pump? Yes No Unknown
- C. Would you be willing to connect your sump pump to a City drain if provided (at your own cost)? Yes No
- D. Would you be willing to connect your roof drains to a City drain if provided (at your own cost)? Yes No

Please sketch in the space to the right: your house, garage, driveway, sump pump discharge location and approximately where along the right-of-way (ROW) line you would like the service connection pipe located.

II. Local Drainage Problems

Please describe specific surface water drainage problems in your neighborhood:

III. Private Underground Utilities

- A. Do you have an underground lawn irrigation system in the City's right-of-way? (The right-of-way is typically 10' to 15' behind the roadway.)
 Yes No
- B. Do you have an underground electric pet containment system in the City's right-of-way?
 Yes No

«ADDRESS»

IV. Pedestrian Issues:

A. Do you see a need to add sidewalks in your neighborhood?

Yes

No

B. If yes, where? _____

C. Please describe specific neighborhood pedestrian issues below.

V. Traffic Management

A. Do you feel your neighborhood or roadway has any traffic issues?

Yes

No

B. If yes, what is it and where does it occur?

VI. Construction Updates (Time Sensitive)

A. Where would you prefer to receive paper door hanger updates?

Front Door

Other

B. If other, please explain.

VII. Email Updates

A. Do you have access to email to participate in the City Extra email notification service?

Yes

No

Thank you for completing the questionnaire. Please return it to the City in the enclosed self-addressed, stamped-envelope **by July 30**.

6200	Scotia Dr	1			1											1					None					1		1	
7009	Tupa Dr	1			1											1					No pedestrian issues - this is a quiet, low traffic neighborhood.	1				1		1	
7123	Tupa Dr	1			1											1					Houses on our side of Tupa are at bottom of a hill so we get some drainage in backyard but we have dealt with that. Both Tupa and Gleason are at a low point in front of our house 7123 Tupa and we often have standing water at bottom of our driveway in spring. (roof drain comment: "depending on cost. Roof drain comes out by mailbox")	1				1			
6113	Scotia Dr	1			1											1					My property has a large city owned drain in the middle of the backyard which carries rainwater/run off from the surrounding area into the sewer on the Scotia side of my property (on the street to the left of garage driveway.) Please make sure that this drainage remains connected. Disruption will result in flooding. (roof drain connection comment: "depends on cost")	1				1		1	
6124	Scotia Dr	1	1													1					None that we know of	1				1		1
