Subject: Public Hearing: 2013 Liquor License Fees

Information

Action Requested:

Hold public hearing.

Information / Background:

Minnesota Statute 340A.408 Subd 3a requires the City Council to hold a public hearing after a thirty day notice to license holders of its intention to raise any of its liquor license fees. I have attached a copy of the notice that was mailed to our licensees November 1, 2012, showing the proposed 2013 liquor license fees. I would point out that the Club, Wine and Sunday license fees are at the limit allowed under statute. This year we are suggesting a slight increase in the On-Sale Intoxicating License fee. The modest increase of \$50.00 will aid to cover the cost of enforcement and administration of the licenses. Staff also feels that the beer license fees should continue an incremental increase to keep pace with the City's increased costs for administration and enforcement.

Staff is not requesting any action on this item from the Council other than to hold the hearing. When the annual fees and charges ordinance is adopted the fees will be included in the ordinance.
