## **General Information:**

This request for purchase is for three Stryker Power-LOAD sets for fire department ambulances. The equipment consists of the Power-LOAD sets, Comp Upgrade Kits, and 120v AC Vehicle Power Kits. This equipment will increase the safety for patients and emergency responders when loading and unloading the stretcher into and out of the ambulance.

The majority of the funds for this purchase would come from the Department of Homeland Security (DHS), Federal Emergency Management Agency (FEMA) Assistance to Firefighters (FireAct) grant program (#EMW-2013-FO-03779) in the amount of \$59,265.00 which was approved by City Council on October 21, 2014.

I would recommend the approval of the total purchase of \$63,871.00.
