

**PETERSON HOUSE**  
**5312 Interlachen Boulevard**

**PLAN OF TREATMENT**

The plan of treatment approved by the HPB on October 7, 2003 states that:

1. The Edina Heritage Landmark designation for the Peterson House includes all of the extant structural elements of the house and grounds.
2. The recommended treatment concept for the Peterson House is rehabilitation, applying measures to sustain the existing form, integrity, and materials of the historic house. The distinguishing original qualities of the house must be preserved and protected.
