Recommended Quote or Bid:

After review of the individual vendor bids, it has been determined that Uniforms Unlimited offers the broadest service, is close in proximity to the police department, and is the most cost efficient. The Edina Police Department recommends Uniforms Unlimited as their primary uniform supplier.

General Information:

The Edina Police Department requires their staff be outfitted and equipped with specific items during the performance of their duties. These items consist primarily of uniforms, foot-wear, jackets and leather gear. The Edina Police Department has sought bids from three primary vendors located in the Twin Cities; Keeper's, Streicher's, and Uniforms Unlimited. The bid request included approximately 100 uniform related items. Because none of the chosen vendors carried all items included in the bid, an evaluation of pricing was conducted on the top 15 most purchased items (pants, shirts, and foot-wear). The bid also requested each vendor provide a list of any additional services which may differentiate them from another. Keepers did not provide a bid for this process.

An evaluation of Streicher's bid revealed that in addition to being more costly, this company offered "no-bid" on approximately 20% of the uniform items used by the Edina Police Department.
