\$333,095.10

Recommended Quote or Bid:
Minnesota State Contract Pricing 40071

General Information:

Currently the City of Edina Police, Fire, and Public Works Departments use the State of Minnesota ARMER (Allied Radio Matrix for Emergency Response) Radio System to communicate with each department and other agencies for work related needs. This network of radios is an essential tool to perform work duties. This equipment is our primary form of communication to dispatch emergency and non-emergency calls to responders.

The current quote/purchase is to replace remaining Police Department portable radios and replace all of the Fire Departments portable radio fleet and radio accessories.

This equipment replaces our aging radio equipment for Police, Fire and Public Works and is on our current replacement schedule.
