**General Information:**

This project will rehabilitate the 78<sup>th</sup> Street bridge and the Gus Young bridge, both over the Canadian Pacific Railroad Tracks. These two bridges were identified during our annual bridge inspections as requiring a more in-depth repair. The cost estimate completed in 2013 was higher than the staff anticipated amount stated in Capital Improvement Plan (CIP) Project #ENG-13-007 of \$150,000. Therefor staff updated the plans for the 78<sup>th</sup> Street bridge to Minnesota State Aid Standards to utilize state aid funding.

The project will be funded by a combination of state aid and CIP Project #ENG-13-007 funds.

Staff recommends awarding the project to PCiRoads, LLC.
