Recommended Quote or Bid:
Rainbow, Inc.

\$31,000.00

General Information:

The Lake Edina Neighborhood Roadway Reconstruction Project was ordered by the Edina City Council at the December 11, 2012 Public Hearing. The noise wall improvements included paint removal and landscaping. Both components were part of the Public Hearing.

The paint removal and landscaping portions of the project were quoted separately due to the specialty nature of the work and the extended warranty on the landscaping. Paint removal work includes removal of loose paint from the wall by pressure washing and installation of paint by color matching in areas of mismatched colors or bare concrete. The landscaping work includes matching the landscaping style the residents at Larkspur Lane began a few years ago; their landscaping will remain as is. This includes installation of ivy's, junipers, and lilacs.

This project is funded by special assessments. The special assessments include roadway and noise wall improvements for the Lake Edina Neighborhood Roadway Reconstruction Project. The final special assessment will be determined prior to the final assessment hearing.

The quotes above were for the paint removal operations. A separate quote was taken for the landscaping. The low quote for the landscaping work was submitted by Hoffman & McNamara Co. for \$14,930.00. Staff will issue a purchase order for this work, since the value is below \$20,000.

Staff recommends awarding the paint removal portion of the project to Rainbow, Inc.
