**General Information:**

The City of Edina provides aquatic vegetation management for 39 lakes within the city. Previously, these contracts were managed by the Parks & Recreation Department. The Engineering Department is now managing the contracts, and has requested quotes for the herbicidal treatment of these lakes, as well as DNR permitting and resident communication. The quote is designed to provide the same level of service as past years, and the costs are similar to last year.

Staff recommends awarding the bid to Lake Restoration, Inc.
