General Information:

This project will construct the final segment of raw water main along France Ave from 70th St W to 300-ft north of 69th St W. This segment of raw water main will connect Well #18 and Well #5 to future water treatment plant #5. Well #18 is located adjacent to Fire Station No. 2 and Well #5 is located in the center median of 69th St W at France Ave. All other segments of raw water main pipe have been installed.

This project will be constructed in coordination with and prior to, the final restoration for the France Avenue Improvements Project. This project is listed in the 2013 CIP as Project # UT-08-008, which appropriated \$550,000 for the entire raw watermain project; \$350,000 has been spent to date on this project. All work will be completed by October 25, 2013.
