**Subject:** HRRC Resignation

Jan...

I am formally resigning from the HRRC. I started a new job in September and am focusing all of my energies on that along with my family (though, not enough I'm told).

Other than the blog, I am not engaged in any other HRRC items. There shouldn't be too much disruption.

I apologize for not completing my commitment, but needed to prioritize.

Let me know if you'd like to talk.
