\$223,245.75

Recommended Quote or Bid:
Minnesota State Contract Pricing 40071

General Information:

Currently the City of Edina Police, Fire, and Public Works Departments use the State of Minnesota ARMER (Allied Radio Matrix for Emergency Response) Radio System to communicate for essential work related needs. This network of radios is an essential tool to perform work duties. This equipment is our primary form of communication to dispatch emergency and non-emergency calls to responders.

The current quote will replace half of the Police Department's portable radio fleet, half the Police Department's mobile radio fleet, essential logging and alerting radios for both the Police and Fire Departments.

This equipment replaces our aging radio equipment for Police, Fire and Public Works and is on our current replacement schedule.
