# Marketing/Promotion/New Technology

**PARK PAY DISPLAY**

USING **SmartMeter** IS AS EASY AS 1-2-3!

- 1** INSERT CARD
- 2** PUSH BLUE BUTTON TO ADD TIME
- 3** PUSH GREEN BUTTON TO PRINT RECEIPT

DISPLAY THE RECEIPT IN YOUR CURBSIDE CAR WINDOW

- You can use coins or your Visa or MasterCard credit/debit card
- Use your leftover time when you move your car to another parking space

**SmartMeter** gives you an easy, convenient way to park downtown!

**PUBLIC WORKS DEPARTMENT**

**SmartMeter Receipts**

- SmartMeter** prints a receipt that must be placed in your car window.
- Detach the smaller portion of the receipt and take it with you as a reminder of when your parking time expires.
- On the back of the receipt is a removable sticky label. Simply peel this off and re-position it so the sticky side can be attached to the inside of your curbside car window.
- Make sure the expiration time is facing out.

**FORGET HOW MUCH TIME IS LEFT ON THE METER? SmartMeter receipts show the expiration time on both portions.**

**STILL HAVE TIME LEFT?** **SmartMeter** receipts allow you to move your car to another parking space as long as you don't exceed the posted time limit in the new space.

**NEED TO SHOW PROOF OF PAYMENT?** The receipt eliminates any questions about when you paid for parking, and can also be used on expense reports.
