Detailed Requirements: Unless waived by the Planning Department, you must complete all of the following items with this application. An incomplete application will not be accepted.

- ___ Application fee (not refundable). Make check payable to “City of Edina.”
- ___ **Three (3) large** scaleable copies, one (1) electronic copy, and **thirty (30) 11X17** copies for Commission and Council members, of the following drawings or plans: All sets must be collated.
 - ___ Site plans with dimensions. The plan must include the location, dimensions and other pertinent information as to all proposed and existing buildings, structures and other improvements, streets, alleys, driveways, parking areas, loading areas and sidewalks. **Changes to site plans that are made after City Council approval, require an amended Final Development Plan. Changes require a public hearing to be held by both the Planning Commission and City Council. The changes from the approved plan must be specifically listed by the builder or architect.**
 - ___ Landscape plan and schedule in accordance with Sec. 36-1436 through Sec. 36-1457 of the City Code. **Changes to landscape plans that are made after City Council approval, require an amended Final Development Plan. Amended Final Development Plans require a public hearing to be held by both the Planning Commission and City Council. The changes from the approved plan must be specifically listed by the builder or architect.**
 - ___ A Building material sample board that shows the type of building materials that will be used on the building, including the selection of colors. **Any changes to building materials or color that are made after City Council approval require an amended Final Development Plan. Amended Final Development Plans require a public hearing to be held by both the Planning Commission and City Council. The changes from the approved plan must be specifically listed by the builder or architect.**
 - ___ Elevation drawings of all new buildings or additions and enlargements to existing buildings including a description of existing and proposed exterior building materials. **Any changes to the elevation drawings that are made after City Council approval require an amended Final Development Plan. Amended Final Development Plans require a public hearing to be held by both the Planning Commission and City Council. The changes from the approved plan must be specifically listed by the builder or architect.**
 - ___ Registered survey showing existing and proposed structures, lot lines, pertinent dimensions, lot acreages and wetland delineation per the Wetland Conservation Act and City standards.
 - ___ Grading, drainage, erosion control and stormwater management plan. Grading plan must include existing and proposed two-foot contours, and location and size of pipes and water storage areas. The grading and erosion control plan along with a stormwater management plan must be signed by a licensed professional engineer. The stormwater management plan must detail how stormwater will be controlled to prevent damage to adjacent property and adverse impacts to the public stormwater drainage system.

___ Detailed street and utility locations and sizes.

___ Floor plan showing location, arrangement and floor area of existing and proposed uses.

All drawings must be to scale with pertinent dimensions shown. Fold jumbo plans in sets no larger than 8 ½" by 14" and with the print side facing out.

___ Photograph(s) showing location of proposal and its relationship to the site and existing buildings.

___ Samples or photographs of building materials.

___ A written statement describing the intended use of the property and why the City should approve your request. Include a brief description of your company and any similar projects your company has done.

___ Stake the location in the field of wetland boundaries, proposed buildings and lot lines.

___ Computer-generated, photo-realistic, color illustration(s) of the building (8 ½" x 11")

The Final Development Plan shall be in form and substance acceptable to the Planner. Approval by the Commission and Council upon finding that the proposed development:

- a. is consistent with the Comprehensive Plan;
- b. will not be detrimental to properties surrounding the tract;
- c. will not result in an overly-intensive land use;
- d. will not result in undue traffic congestion or traffic hazards;
- e. conforms to the provisions of this Section and other applicable provisions of this Code (850.04);
- f. provides a proper relationship between the proposed improvements, existing structures, open space and natural features.

FINAL DEVELOPMENT GUIDELINES AND PLAN APPLICATION INFORMATION:

The City of Edina Planning Department encourages healthy development within the city of Edina. Although this document is meant to serve as a guide for the application process for development through the Planning Department it is by no means comprehensive. The Planning Staff recommend that you schedule a meeting to answer any questions or to discuss issues that may accompany your project. It is much easier to tackle problems early on in the process. The office number for the Planning Staff is (952) 826-0465.

Application: Applications are submitted to the Planning Department. Offices are open Monday through Friday, 8 AM to 4:30 PM. *

Notice of Public Hearing: Notice of the Planning Commission and City Council hearing is mailed to all property owners (of record at City Hall) that are located within 1000 feet of the site. Notice is mailed ten (10) days prior to the hearing. You are encouraged to contact adjacent or close owners and advise them of your proposal prior to the Planning Commission meeting.

*Application deadline dates are 31 days prior to the Planning Commission meeting or at the discretion of the City Planner.

Sign: The petitioner shall erect, or cause to be erected, at least one sign per street frontage on land described in the petition. Refer to City Code/Zoning Ordinance for specifics.

Meetings and Public Hearings: Applications are first considered by the Planning Commission at their regular monthly meeting (Wednesday prior to the first Tuesday of each month.) The Commission holds a public hearing and adopts a recommendation which is forwarded to the City Council for consideration. Final Development Plan proposals are usually heard once by both the Commission and Council unless otherwise directed.

Staff Report: Staff prepares a report and recommendation and sends it along with the application materials to the Commission in advance of the meeting. All plans, emails and written information are public information, which may be used in the staff report and distributed to the public.

Conditions and Restrictions: The Council may impose conditions and restrictions in connection with the Rezoning to protect the public interest.

Legal Fee: It is the policy of the City to charge applicants for the actual cost billed by our attorneys for all legal work associated with the application. An itemized bill will be provided which is due and payable within thirty (30) days.

Initiation of a Traffic Study:*

Generally, the following typical development and zoning applications are intended to define the need for traffic studies to be considered by the Transportation Commission.

- A. Development approvals where an increase in trip generation is anticipated:
 - 1. Development where units are needed
 - 2. Development consisting of complete demolition/redevelopment
 - 3. Development of a site (where increasing floor space by more than 10%)

- B. Development or redevelopment is proposed in an area in which there has been a previous identification of a traffic problem, including but not limited to congestion or safety issues.

In cases where certain applications are received that do not necessitate a traffic study, staff will provide a summary to the Transportation Commission of such.

*please contact the Engineering Department at 952-826-0371 for further information.
