## **Countryside H Neighborhood Roadway Improvements**

Dear Resident:

### **Project Schedule:**

The final touches are in. The joints have been sawed into the pavement and sealed. This process helps control expansion and contraction of the new pavement during seasonal variations in temperature, as well as during freeze/thaw cycles.

The contractor will continue to be on-site in the coming weeks to finish up some restoration issues that remain.

The neighborhood reconstruction project is substantially complete. We will continue to monitor all aspects of the project including turf establishment. The hydroseeded areas are coming in beautifully and the spots that haven't come in yet will be closely inspected and monitored throughout spring 2016.

This will be the final City Extra for this project. Please watch your mail for any further correspondence related to this project.

### **Communications:**

Please contact me if you have any questions or comments regarding this project. You can reach me at 952-826-0444 or [mmohamed@EdinaMN.gov](mailto:mmohamed@EdinaMN.gov). For more information about emergencies, non-emergencies and site safety, or what to do when you have special events or home improvement projects planned, visit [www.EdinaMN.gov/countryside\\_h](http://www.EdinaMN.gov/countryside_h).

Please encourage your neighbors to sign up for City Extra, as this will be our primary means of communication throughout the project. Visit [www.EdinaMN.gov/CityExtra](http://www.EdinaMN.gov/CityExtra) for more information.

The City of Edina and Northwest Asphalt thank you in advance for your patience and cooperation throughout the project.

Regards,

Mohamed Mohamed  
Engineering Technician
