Tracy Avenue, Valley Lane and Valley View Road Intersection Improvements

Site safety is extremely important during roundabout construction. Please slow down when approaching work zones and share the road with pedestrians, bicyclists and other motorists during construction. Some near misses have occurred due to excessive speeds through the construction zone. Speed reduction signs have been placed limiting speeds through the construction zone to 20 mph.

Next week crews will continue to shift traffic to the outside of the roundabout in order to construct the middle portion of the roundabout and roadway on Tracy Avenue and Valley View Road.

Concrete footings for the new box culvert has been poured and the box culvert sections have been set in place. The upstream retaining wall has also been poured and will tie into the box culvert.

The Contractor will close Tracy Avenue and Valley Lane on Saturday, Aug.13 to complete work that cannot be accomplished with traffic. Detour routes will be posted.

All schedules are weather-dependent and are subject to change.

Communications

- Have questions or comments regarding this project? Contact me at 651-888-9111 or email me at kranderson@sehinc.com.
- Emergencies – call 911
- Non-emergencies after hours during the week and weekends, call 952-826-1600
- Have special events or home improvement projects planned during construction? Coordinate with me.
- Visit the project website at www.EdinaMN.gov/Nine-Mile-Roundabout.

The City of Edina and Minger Construction thank you for your patience and cooperation throughout the project.

Sincerely,

Kyle R. Anderson, PE
City of Edina On-site Representative
