Tracy Avenue Reconstruction Project

Dear Resident:

Stage I

The contractor will continue to place utilities such as watermains, sanitary sewers and storm sewers between Valley View Road and Olinger Boulevard along Tracy Avenue. This work includes replacement of degraded sanitary sewer pipes, replacement of water services and the addition of catch basins for storm sewer. It is expected the utility work will be completed in early July. Once utility work is complete, the contractor will begin grading the roadway and construction of concrete curbs and gutters. Stage I will be completed and open to traffic prior to work beginning on Stage 2.

Detour

A posted detour will be in place to route through traffic around the construction area using Highway 62, Gleason Road and Vernon Avenue. The contractor will maintain local access as much as possible. There may be times when certain segments of the roadway are impassable.

Communications:

- Have questions or comments regarding this project? Call me at 763-287-7149 or aplowman@wsbeng.com or project inspector Kevin Overby at 612-360-1308.
- Emergencies – call 911
- Non-emergencies after hours during the week and weekends – call 952-826-1600
- Have special events or home improvement projects planned or upgrading your service pipes during construction? Coordinate with me.
- Visit the project site at www.EdinaMN.gov/tracyavenue.

Safety

Safety is our No. 1 concern. Please use caution when traveling the area on foot or by car. Children are fascinated with construction operations, so please keep an eye on them. Expect delays and travel safely through the construction zone.

Sincerely,

Andrew Plowman, PE
Project Manager
WSB & Associates, Inc.
