Arden Park D Neighborhood Roadway Improvements

Dear Resident:

Project Schedule: Stage I

Remember, on-street parking during construction will not be allowed in areas where crews are working. This keeps the streets open for construction traffic and emergency vehicles.

Next week, crews will begin grinding the existing pavement into gravel that will be used as a base for the new road. The street will remain open during the process with isolated closures in areas where crews are working. Please use caution when driving through these areas.

Once pavement grinding is complete, the contractor will move some of the material to the west side of Minnehaha Boulevard for temporary storage.

Crews will begin removing curbs, gutters and driveway aprons. A gravel ramp will be built so that you can access your driveway.

The location of some sanitary sewer service pipes will be determined by placing a camera in the pipe. The contractor may need to enter your home to do this work and will contact you and ask permission to perform the locating work if necessary.

All schedules are weather-dependent and are subject to change.

Communications

Please contact me if you have any questions or comments regarding this project. You can reach me at 952-912-2614 or jclement@sehinc.com. For more information about emergencies, non-emergencies, site safety or what to do when you have special events or home improvement projects planned, visit www.EdinaMN.gov/arden_park_d.

Please encourage your neighbors to sign up for City Extra, as this will be our primary means of communication throughout the project. Visit www.EdinaMN.gov/CityExtra for more information.

The City of Edina and Northwest Asphalt Inc. thank you for your patience and cooperation throughout the project.

Sincerely,
Joe Clement
City of Edina On-site Representative
