## **Arden Park D Neighborhood Roadway Improvements**

Dear Resident:

### **Project Schedule: Stage I**

Remember, on-street parking during construction will not be allowed in areas where crews are working.

Next week, crews will connect the blue, above-ground water lines to the hose bibs on Bruce Avenue and Bruce Place houses. The contractor will need to access the shut-off valve at the water meter in your basement. The contractor will leave a flyer on your front door with information on how to contact them so the meter can be shut off. The meter will need to be shut off by Wednesday when work on the new water main begins. The new water main will be installed first on Bruce Place and the Bruce Avenue cul-de-sac with the remainder of Bruce Avenue to follow.

Also next week, water and sewer service pipe reconstruction will begin on Arden Avenue. During water service work, each home will be without water for approximately three hours. Concurrent with water service work, the sanitary sewer service pipe will be reconstructed if not done previously. During sewer service work, it is best to limit your water use. A crew member will knock on your door before the work begins to communicate the schedule and any special requests.

All schedules are weather-dependent and are subject to change.

### **Communications**

From this point forward, I will be your main point of contact for questions or comments related to the project. Please contact me at 612-255-4030 or [mhorn@sehinc.com](mailto:mhorn@sehinc.com). You can also call Joe if I am unable at 952-912-2614. For more information about emergencies, non-emergencies, site safety or what to do when you have special events or home improvement projects planned, visit [www.EdinaMN.gov/arden\\_park\\_d](http://www.EdinaMN.gov/arden_park_d).

Please encourage your neighbors to sign up for City Extra, as this will be our primary means of communication throughout the project. Visit [www.EdinaMN.gov/CityExtra](http://www.EdinaMN.gov/CityExtra) for more information. The City of Edina and Northwest Asphalt Inc. thank you for your patience and cooperation throughout the project.

Sincerely,  
Mike Horn and Joe Clement  
City of Edina On-site Representatives
