Birchcrest B Neighborhood Roadway Improvements – Final Update

Dear Resident:

Project Schedule

The final touches are done! The joints have been sawed into the pavement and sealed. This process helps control expansion and contraction of the new pavement during seasonal temperature variations and freeze/thaw cycles. New pavement markings have been installed along Normandale Road and a portion of Valley View Road.

The neighborhood reconstruction project has reached substantial completion. We will continue to monitor all aspects of the project including turf establishment. The hydroseeded areas are coming in beautifully and will be closely inspected and monitored in spring 2016.

This will be the final City Extra for this project. Please watch your mail for any further correspondence related to this project.

Communications

Please contact me if you have any questions or comments regarding this project. You can reach me at 952-826-0448 or dnorthenscold@EdinaMN.gov. For more information about emergencies, non-emergencies, site safety or what to do when you have special events or home improvement projects planned, visit www.EdinaMN.gov/birchcrestb.

The City of Edina and Palda & Sons, Inc. thank you for your patience and cooperation throughout the project.

Sincerely,
Derek Northenscold
Engineering Technician
