

Sept. 27, 2013

**Braemar Hills / Gleason Circle / St. Patrick's Lane Neighborhood
Roadway Reconstruction**

Dear Resident:

Recently, the new streetlights were installed; however, they are the wrong color. The manufacturer has taken responsibility for the wrong color and is paying for the lights to be removed and replaced with black poles as specified in the contract.

Early next week, the Contactor will be onsite removing the light poles. If everything goes well, the light poles with the correct color should be installed and activated by the end of next week.
