**2016 Neighborhood Roadway Reconstruction**  
**Multi-Modal Traffic Survey**  
**Golf Terrace B Neighborhood**

Dear Resident:

As you may recall, some streets in your neighborhood are scheduled for reconstruction in 2016. See the attached map identifying your project area.

The City would like your input regarding multi-modal traffic in your area – multi-modal describes a roadway system that is designed to safely accommodate all users. Now is the perfect time to identify and evaluate areas where we can make improvements to promote safe walking, bicycling and driving. Reconstruction gives us the opportunity to address concerns.

Your responses will help us design a project that reflects your neighborhood needs balanced with design elements from the City's strategic planning documents such as the Comprehensive Plan, the Sidewalk Facilities Map, Living Streets Plan, and the Active Routes to School Plan.

Your input is important to us! Please take the survey within the next 30 days. To complete the survey online, visit <https://www.surveymonkey.com/s/2016streets>. Completing the survey should only take about 15 minutes. Please complete one survey per household and include as much information as you can regarding safety concerns for your children, if any. If you would prefer a paper copy of the survey, please call 952-826-0449 and Engineering Specialist Sharon Allison will mail one to you. We will present the survey results at an open house meeting in July or August.

If you have any questions, please contact me at 952-826-0443 or [pwrase@EdinaMN.gov](mailto:pwrase@EdinaMN.gov).

Sincerely,

A handwritten signature in black ink that reads "Patrick Wrase".

Patrick Wrase, PE  
Assistant City Engineer
