

**Noise Wall Improvements
West Side of TH100
from Minnehaha Creek to Vernon Avenue**

February 23, 2015

Dear Resident:

Some of you may recall discussion about this noise wall has been ongoing for over 10-years. The last update from us was June 19, 2013, when we notified you that the noise wall had moved up on Mn/DOT's priority list from #20 to #5. We received good news again from Mn/DOT!

Mn/DOT notified us that there is an opening in their construction schedule for 2016/17 for this noise wall. Staff expressed support for the 2016/17 construction schedule and would like to hear from you.

We are hosting an informational meeting on **Mar. 10, 4:30 – 6:30 p.m.** in the City Council Chambers at Edina City Hall, located at 4801 W. 50th Street.

The meeting will cover such items as potential work to be done, preliminary project costs, and estimated assessments, followed by a short question and answer session. Representatives from the City and Mn/DOT will be in attendance. Senator Melisa Franzen may also be in attendance.

Funding for the wall, per Mn/DOT's Noise Wall Policy, is a cost share split with Mn/DOT paying 90% and 10% to be paid locally. The 10% local cost would be assessed to residents that receive benefit from the noise wall installation. See the back side of this letter for the preliminary project costs and assessments.

If you have any questions, please contact me at 952-826-0318 or cmillner@EdinaMN.gov.

Sincerely,

Chad A. Millner, PE
Director of Engineering

cc: Senator Melisa Franzen (by e-mail only)
April Crocket, MnDOT (by e-mail only)
Peter Wasko, MnDOT (by e-mail only)
