## Strachauer Park A Neighborhood Roadway Improvements

Dear Resident:

The City and the contractor are aware of the seeding conditions in Stage I. The contractor is required to maintain the seeded area including watering, mowing and weed removal. The City will work with the contractor to ensure the grass grows to meet standards. An herbicide treatment will be applied mid-September followed by additional seeding.

On Monday and Wednesday, Visu-Sewer was performing its work throughout Stage I. Crews were in on Tuesday installing new street signs throughout both stages.

In Stage 2, crews paved the final layer of asphalt on Tuesday.

All schedules are weather-dependent and are subject to change.
