## Strachauer Park A Neighborhood Roadway Improvements

Dear Resident:

The seeding company was in to water Stage I on Monday and Wednesday. It will continue to do so on an as-need basis.

In Stage 2, crews started the week grading for the new sidewalk along Beard Avenue and Beard Place. This work carried into Tuesday. On Wednesday, crews began stripping boulevards as the restoration portion on this stage is now underway. Once boulevards are stripped, crews will repair irrigation systems and put in fresh top soil.

For those that may have missed the letter that was distributed earlier this week, driveway aprons along Beard Avenue and Beard Place will be removed and replaced to the city standard. Because of the inclement weather in the latter part of the week, crews will be in to replace the driveway aprons in stage II on Monday, Aug. 8. While the aprons are being replaced, the new sidewalk will also be poured. Work on this will carry on through the week. Residents should pay very close attention to notices left on their front doors regarding driveway accessibility during this time. Residents will not have access to their driveways for 5 to 7 days while the concrete cures.

All schedules are weather-dependent and are subject to change.

### Communications:

- Have questions or comments regarding this project? Call me at 952-826-0448 or [amoe@EdinaMN.gov](mailto:amoe@EdinaMN.gov).
- Emergencies – call 911
- Non-emergencies after hours during the week and weekends, call 952-826-1600.
- Have special events or home improvement projects planned or upgrading your service pipes during construction? Coordinate with me.
- Visit the project site at [www.EdinaMN.gov/strachauer\\_park\\_a](http://www.EdinaMN.gov/strachauer_park_a).

Please encourage your neighbors to sign up for City Extra, as this will be our primary means of communication throughout the project. Visit [www.EdinaMN.gov/CityExtra](http://www.EdinaMN.gov/CityExtra) for more information.

The City of Edina and Palda & Sons, Inc. thank you for your patience and cooperation throughout the project.

Sincerely,  
Alex Moe  
Engineering Technician
