## Strachauer Park A Neighborhood Roadway Improvements

Dear Resident:

Crews continued restoration efforts in Stage 1 this week. New top soil was put in and leveled off in preparation for seeding. Next week, crews will continue with the restoration on Stage 1.

In Stage 2, driveway removals continued along with sanitary sewer repair and sump drain installation. Crews also began grading the roadways starting on the south end of Beard Place.

Next week, the grading process will continue in Stage 2 in preparation for asphalt and concrete. Residents should pay close attention to their front doors for notices about driveway and roadway accessibility and water shut-offs.

All schedules are weather-dependent and are subject to change.
