Strachauer Park A Neighborhood Roadway Improvements

Dear Resident:

CenterPoint Energy crews are working on gas main and service upgrades throughout Stage I. Questions or concerns regarding this work should be directed to CenterPoint Energy customer service.

Crews kicked off the week installing storm structures and sump drain along Chowen Avenue and Chowen Curve. Tuesday, concrete curbs and driveway aprons were poured in about half of Stage I. Grading on Chowen Avenue in preparation for concrete work will continue through Saturday, June 11.

Next week, concrete work for the remainder of Stage I will continue. Residents should pay close attention to notices on their front doors regarding parking schedules during this time. For those residents who have driveway aprons and curbs poured on their streets, parking over the weekend is permitted on the west and south sides of the streets. Residents on these streets will not have driveway access for 5 to 7 days while the concrete is curing. Grading of the roadways will continue next week as crews prep the roads for the first layer of pavement. The tentative date for the first layer of pavement in Stage I is June 21.

All schedules are weather-dependent and are subject to change.

Communications:

- Have questions or comments regarding this project? Call me at 952-826-0448 or amoe@EdinaMN.gov
- Emergencies – call 911
- Non-emergencies after hours during the week and weekends, call 952-826-1600
- Have special events or home improvement projects planned or upgrading your service pipes during construction? Coordinate with me.
- Visit the project site at www.EdinaMN.gov/strachauer_park_a.

Please encourage your neighbors to sign up for City Extra, as this will be our primary means of communication throughout the project. Visit www.EdinaMN.gov/CityExtra for more information.

The City of Edina and Palda & Sons, Inc. thank you for your patience and cooperation throughout the project.

Sincerely,
Alex Moe
Engineering Technician
