## Strachauer Park A Neighborhood Roadway Improvements

Dear Resident:

CenterPoint Energy anticipates completing the new gas main installation throughout all of Stage I by the end of next week. Service crews will be working on service upgrades on the remainder of Stage I throughout next week. Questions or concerns regarding CenterPoint Energy's work should be directed to CenterPoint Energy customer service.

This week the City's crews completed all watermain upgrades and sanitary repairs on Drew Avenue, W. 61<sup>st</sup> Street, and Ewing Avenue with the exception of some minor work at Ewing Avenue and W. 64<sup>th</sup> Street.

Crews also completed the major sanitary work for Stage I along W. 60<sup>th</sup> Street which involved some major road closures. Thank you for your patience.

*Sanitary repair at W. 60<sup>th</sup> Street and Ewing Avenue, 30' deep excavation.*

Next week City crews are planning on installing the sump line on both sides of Ewing Avenue, Drew Avenue, and W. 61<sup>st</sup> Street.

Please routinely check your front door for time-sensitive notices for water shut-offs, driveway access, etc.

All schedules are weather-dependent and are subject to change.
