Tracy Avenue, Valley Lane and Valley View Road Intersection Improvements

Dear Resident:

Site safety is extremely important during roundabout construction. Please slow down when approaching work zones and share the road with pedestrians, bicyclists and other motorists during construction. Some near misses have occurred due to excessive speeds through the construction zone. **The speed limit is reduced to 20 mph through the construction zone.**

Next week, crews will continue grading in preparation of gravel, curb and gutter, sidewalk, and pavement on the east side of the Tracy Avenue, Valley View Road and Valley Lane intersection.

The existing box culvert has been removed and helical pile have been installed to support the new box culvert. The creek is still flowing through temporary piping. Next week, crews, will construct formwork and place reinforcing steel in preparation for concrete footings. The new box culvert will be placed on the footings.

All schedules are weather-dependent and are subject to change.

Communications

- Have questions or comments regarding this project? Contact me at 651-888-9111 or email me at kranderson@sehinc.com.
- Emergencies – call 911
- Non-emergencies after hours during the week and weekends, call 952-826-1600
- Have special events or home improvement projects planned during construction? Coordinate with me.
- Visit the project website at www.EdinaMN.gov/Nine-Mile-Roundabout.

The City of Edina and Minger Construction thank you for your patience and cooperation throughout the project.

Sincerely,
Kyle R. Anderson, PE
City of Edina On-site Representative
