

# City of Edina 2014-2018 Anticipated Municipal State Aid Street Reconstruction and Rehabilitation

### Note/Disclaimer

The dates shown on the map represent the anticipated years of construction and are subject to change based on budgetary issues, adjacent projects, resident input and other factors. If a road is not highlighted then the potential reconstruction date may be beyond the City's long term planning process. The City of Edina also has involvement with the I494 / TH169 Interchange Project for the years of 2012 - 2016.

The City of Edina's street improvement policy is to assess residents for a portion of the roadway reconstruction costs. Public utility improvements are paid for from the City's utility fund.

Extensive evaluation regarding the condition of the bituminous pavement, sanitary sewer, storm sewer and water main were used to set the priority of roadway improvements.

This map only addresses State-Aid routes within the City.

\* Project schedules can change due to funding.
