## Tracy Avenue (Benton Avenue to Vernon Avenue) Reconstruction Project

Dear Residents:

### Curb and Gutter

The contractor installed curb and gutter from Benton Avenue to south of Grove Street. Please do not drive over it until the asphalt pavement is in place.

### Driveway Access

Please check your front door for notices telling you that access to your driveway may be temporarily limited. The contractor will be constructing driveways between Benton Avenue and Grove Street the remainder of this week. During this time, we ask you park your car at an alternate location, such as a side street. It is important you do not drive on the new concrete too early.

### Pavement

The contractor will begin paving the area between Benton Avenue and Grove Street beginning Tuesday, August 14. When this is complete, the intersection of Benton Avenue and Tracy Avenue will be open to traffic for the beginning of school. The final layer of pavement will not be placed until October, with the remainder of the project. There will be a 2" lip between the pavement and the curb, please be careful when crossing the roadway.

### Detour

The official detour will be Olinger Boulevard to and from Vernon Avenue, from the north and south, and Hansen Road to Vernon Avenue from the east. Tracy Avenue will be open for local residents only.
