## **VALLEY ESTATES NEIGHBORHOOD RECONSTRUCTION**

Dear Residents:

Please note the following updates:

### **Neighborhood Reconstruction Schedule**

Crews have begun the re-grading process on Nordic Drive and portions of Scandia Road. Balder Lane will be next. Typically crews can re-grade about 600'-700' of roadway in one day. You may encounter certain periods when driveway access may be very limited due to the nature of the grading process. By the end of the working day, crews will provide access back into your driveway.

You will be notified where to park and what to expect during this process. Feel free to ask for help from the crews on site if you need special assistance during this time. The regrading process will take a week or so to fully complete all portions of Nordic Drive, Scandia Road and Balder Lane.

Please watch your doors for notice of water shut downs scheduled for Monday/Tuesday of next week. If the shutdown affects you, you will be notified accordingly. Water main upgrades still need to be completed on Creek Valley Road and Nordic Circle as well as at the intersections of Creek Valley Road and Scandia Road and Creek Valley Road and Nordic Drive.

By the middle of next week all major utility upgrades should be complete.

### **Safety**

Please remind your children to stay away from construction sites, construction machinery, and stockpiled materials. These sites, machines, and materials can be dangerous. Job site safety is our number one concern.

### **Who to Contact in an Emergency**

During a life or property-threatening emergency, call 911. You may also call the Edina Police's non-emergency phone at 952-826-1600 for assistance. Dispatch has a contact list for the project.

### **Who to Contact with Questions and Concerns**

Please feel free to contact me if you have any questions or concerns. I can be reached in the office at 952-826-0444 or [akuznia@EdinaMN.gov](mailto:akuznia@EdinaMN.gov)

Please encourage your neighbors to sign up for City Extra emails as this will be our primary method of communication once the project begins.

Sincerely,

Aaron Kuznia  
City of Edina – Construction Project Manager
