Any individual property owner may perform aquatic plant treatment in front of their property.

With 50% shoreline owner agreement, groups can perform whole-pond treatments without city funding or participation.

All DNR and other regulations apply.

City staff support activities:

- Association/group formation
- Education
- Facilitate data collection
- Facilitate group projects
- Technical resource

Alternative methods:

- All alternative methods (such as barley straw, floating treatment wetlands, etc.) are elective services.
- There may be some cost share available from the city.

*Cost of elective services are special assessed to property tax bill. This option requires a lake association as described in the policy.
