

Commercial Mechanical Permit Requirements

All commercial mechanical plans must be submitted to the City of Edina for review.

Plans may be required to be submitted by a P.E. that is registered in the State of Minnesota.

Plans and specifications will not be approved without adequate information to verify compliance with the provisions of the Minnesota Mechanical and Fuel Gas Code. Required information shall include:

- Clear location, nature and extent of work proposed
- Plans drawn to scale
- Energy code compliance worksheets for new installations
