June 7 2005 Minutes were reviewed. There was not a quorum to approve.

Linda showed the public awareness flyer passed out at the Edina Art Fair and mentioned at the last meeting.

Brad mentioned that we had several inquiries about the glass project based on our listing of artist opportunities on the state Arts Board site and that he had added it to the opportunities page on MNArtists.org. Pat said she would contact the McKnight Foundation for listing.

There was further discussion of formalization of the Art Center Board and EPAC as a standing committee of it. John Keprios, mentioned he would propose that the Art Center Board would appoint members. The Council may prefer to do it but John said he thought the passion, interest, and talent for working on public art were at the Art Center. The proposal will first be presented at the next Art Center Board meeting then to the City Council.

The committee reviewed the logo graphic Jennifer prepared after the last meeting and approved with a change of the green color to PMS 347. Brad will ask Jennifer to give us one final draft.

Meeting adjourned at 10:45 am.

Next meeting is Tues, July 19 @ 10:00 am in the Community Room
