

2014 Braemar Winter
Junior Development Program with
PGA Professional
Roger Fahrenkrug

The Braemar Winter Junior Development program is designed for Junior players wanting to take their game to the next competitive level.

Players will focus on their fundamentals with the goal of developing repeating swings. Video analysis using the V1 Coaching System will help students compare their swings to the pros and allow them to visually identify areas for improvement. All players will be asked to create both pre-shot and post-shot routines to aid on-course focus. The group will compete in short game challenges and full-swing competitions. Players will also be evaluated for their golf fitness and provided with strengthening exercises.

The \$375.00 fee includes 6 private lessons, 9 one-hour supervised group sessions, practice aids and a learning manual. The group sessions are limited to 8 students per hour. Students can sign up for Wednesday 3:30 - 4:30 pm, 4:30 - 5:30 pm or Thursday 4:00—5:00 pm time slot.

The 2014 supervised group session dates are Wednesday's January 8, 15, 22; February 5, 12, 19; and March 12, 19 & 26. The Thursday supervised group session dates are January 9, 16, 23; February 6, 13, 20; and March 13, 20 & 27. The private lessons will be booked individually and all students should schedule their first private lesson before the group sessions begin.

If you have any questions or if you'd like to sign up please call Roger Fahrenkrug at 612-730-6065.

PGA Member Roger Fahrenkrug has been a Braemar instructor for 17 years and has experience teaching all levels of Juniors including several MN Junior PGA champions, as well as other MN PGA professionals and amateur golfers of all skill levels.
