

Questions and Answers

- Q)** The RFP indicates that the approvals and closing on the land is expected to take place in spring of 2017. Is there any reason for this? Could approvals, real estate closing and construction occur more quickly?
- A)** The timeline identified in the RFP is an estimate only. If possible, this timeline could be shortened. The land transfer will likely be contingent upon full development approvals. The pace of securing such approvals is largely dependent on the capabilities of the selected developer.
