GREEN SPACE ADDED TO EDINA BY WAY OF 'WEBER WOODS'

By Dana Rademacher

While its general name for the time being is "40th & France," Edina residents have preferred to call this unique piece of land by a more expressive name, "Weber Woods," for quite some time.

At a Morningside Neighborhood Association (MNA) Steering Committee meeting held in June, members recounted hearing from residents of varying ages that these woods were a beloved neighborhood spot in which to play during their childhood, and that they hoped it would remain for future generations.

After months of negotiations with the City of Minneapolis, that hope is now a reality as the cities of St. Louis Park and Edina finalized the purchase of the land in late June.

"We had actually been in conversations with the cities of St. Louis Park and Minneapolis for the past 10 years about potential acquisition of this property," said Parks & Recreation Director Ann Kattreh. "It's a unique opportunity that we were very fortunate to have."

The vacant land is located at 3940 France Ave. and is situated directly on the Edina-St. Louis Park border. The site encompasses 15 acres of wooded areas, open fields, walking trails and a water utilities building. In the purchase, Edina acquired 9.77 acres of the land and St. Louis Park 4.77 acres.

While this space will add an oft-desired parcel of park land to Edina, it was also sought after for more practical reasons.

"Storm water was a very significant reason that the City Council was interested in the site," Kattreh explained. "There's a need for additional storm water management in that area, which could include the expansion of a storm water pond to help residents in that area with flooding issues."

With an increasing number of rain events, it is important to have the added capacity for storm water, agreed MNA Steering Committee members.

This land acquisition has also shown to be incredibly significant for local residents. A Morningside Neighborhood meeting was held in November of 2014 to discuss the property, and about 70 residents from

Edina, St. Louis Park and Minneapolis were in attendance.

MNA Steering Committee members added they were "grateful that the City Council had voted to protect the beauty and natural conditions of the woods."

For being a rarity in such a developed city as Edina, the Parks & Recreation Department foresees keeping the land for its popular current usage: as an unofficial dog park.

"We need more dog parks in Edina and we've heard from many people that they want to continue to have a dog park amenity there," added Kattreh. "However, if we were to do that, we would make it a formal dog park with fencing, and all the other amenities we would like to see in a dog park."

Frequent users of the woods, Mab Nulty and her husband have been walking their dog Murphy in Weber Woods the past 16 years. "Weber Woods is a little oasis in the middle of the city and although I know it so well by now, Murphy and I still find new routes to explore."

Beyond being just a peaceful trail, Weber Woods is also where neighbors get to know one another. "I especially love how the woods ... give the neighborhood dogs a chance to meet each other. Their people like to say hello, too," said Nulty.

While no plans are set in stone for the land's use, Kattreh said, "We'll have a very public process and eventually hire a landscape architect to help design a

master plan for the area, but there is not one in the works at this time.”

Remarking on his latest walk through the woods, Edina resident Bob Kearney added, “[my neighbor] snapped a picture of a dense stand of woods. I asked why and he said, ‘I still can’t believe this is a few blocks from my house.’ It is an unusual parcel that way; much greener and rawer than a conventional city park ... Edina has done a smart thing by purchasing this land.”

The land was purchased by the cities for a combined total of \$1.7 million, with Edina contributing \$1.072 million for its two-thirds of the land, yet Kattreh envisions a joint master plan for the property developing in the future.

FEED MY STARVING CHILDREN DAY OF SERVICE

Help turn hunger into hope with your own two hands by packing nutritious meals for starving children around the world. This day trip to the local non-profit Feed My Starving Children (FMSC) in Chanhassen is scheduled over the fall MEA school break, making it a great opportunity to volunteer with your grandchild or other youngster. You will hand-pack meals specially formulated for malnourished children, and FMSC sends them to partners around the world where they're used to help orphanages, schools, clinics and feeding programs to break the cycle of poverty. You don't need to bring anything, as all food and materials are provided, but be prepared to stand for most of the two-hour volunteer shift. Each adult may bring one child in grades K-2 or up to two children in Grade 3 or above if you wish, or simply register on your own or with other adults. Your service will be very much appreciated. The bus is provided by P.S. Realty Group/EXIT Realty Metro.

The City of Edina believes that all people have the right to participate in activities of their choice. We offer both adaptive recreation programs and inclusion services for people with disabilities.

Adaptive Recreation and Learning Exchange (AR&LE) partnership offers recreation, leisure and community education opportunities specifically designed to meet the needs of people with disabilities in the cities of Bloomington, Eden Prairie, Edina and Richfield.

Current program catalogs can be downloaded from EdinaParks.com. (Click on "Recreation Programs," then "Adaptive Recreation.") Participants are required to complete a participant profile which will get you on our mailing list. Program catalogs are sent out three times per year. Please call Amanda Clarke at 952-826-0433 with any questions.

BEGINNING DRAWING

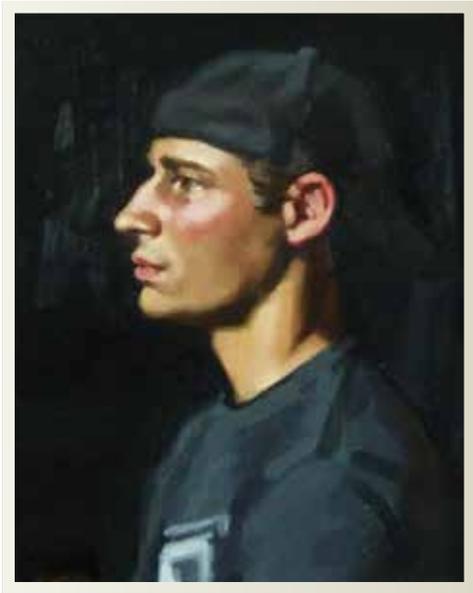

Donna Webb

Artists are "see-ers." They literally see the world around them in a different way than the rest of us. Yet, all of us have the ability to be "see-ers." To learn how to draw, we must first learn to "look" without preconceptions. We will practice this artist's way of looking and drawing from observation and experiment with a number of drawing techniques that have been used by artists over the centuries. This class is geared toward beginners, but is suitable for those who wish to refresh their drawing skills or just need a class or assignment to get them going. *This class meets at the Edina Senior Center, 5280 Grandview Square. INTRODUCTION TO OBSERVING NATURE LIKE AN ARTIST

Jake Posey

Though vastly different in subject matter, the approach to representing a still-life, portrait or landscape in paint follows the same basic principles. It is not about what one is painting; rather, how one uses the visual information provided. During Jake Posey's training in the Atelier manner, he learned a method for translating the three-dimensional world around him onto a flat surface using paint. He learned to recreate natural effects, explore conceptual form and set technical relationships that simplify the process of painting. Students will begin by using still-life setups as a playground in which to learn these basic observational properties. Oil paints are encouraged, but other mediums are acceptable. All levels are welcome. *No class Nov. 23. Maximum 10.

TRICKS & TREATS: TALES OF CRIME & COOKERY

Saturday, Oct. 22

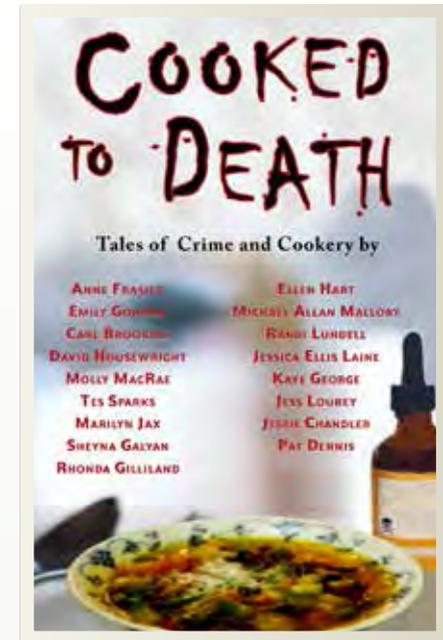

10-11 a.m.

Free!

Food can be a lightning rod for passion. That passion is evident in *Cooked to Death*, the new mystery anthology from Nodin Press of St. Louis Park. Each story revolves around food – its origin, preparation, consumption and, in some cases, its convenience as a murder weapon. Many of the stories are written by locally and nationally known mystery authors. Mirroring the theme, the table of contents reads like a restaurant menu, arranging stories into courses: appetizers, soups, entrees and desserts. Warning: there are no low-calorie offerings on the menu.

The thrilling new mystery anthology, *Cooked to Death: Tales of Crime and Cookery* includes 17 killer stories and recipes from local and national mystery writers, including local Edgar Award-winning author David Housewright and three-time winner of the Minnesota Book Award for Best Popular Fiction, Ellen Hart.

The event will kick off with some coffee, baked goods and a few words from the anthology editors and contributors, Michael Allan Mallory (*Just Desserts*) and Rhonda Gilliland (*Festival of Death*). Then, five of the local mystery writers featured in the anthology will read from their short stories:

- Goldie Award-winning author Jessie Chandler (“Red Velvet Cake to Die For”)
- Minnesota Book Award nominee Sheyna Galyan (“Matzah Ball Murder”)
- Emily Gorman (“Nut Goodies”)
- Edina author and Mystery Writers of America Midwest Hugh Holton Award winner Jessica Ellis Laine (“Safe Harbor”)
- Tes Sparks (“Details”)

Afterward, the authors will sign books. We hope to see you at what will certainly be a deadly good time!
