CENTENNIAL LAKES PARK: A HIDDEN GEM OF EDINA

By Michael McGivern, Communications Intern

When one thinks of France Avenue, many places may come to mind: hospital and clinics, shopping centers, condominiums, restaurants and business parks. The stretch of France Avenue that sits between Highway 62 and Interstate 494 is a bustling area. Yet somehow there is still a quiet, hidden oasis amongst the malls, coffee shops and grocery stores.

Centennial Lakes Park opened in June 1991 after the City purchased the land – then a gravel pit – from John Hedberg in 1988 and set out on a first-of-a-kind mixed-used development.

After more than 22 years of operations, the park has morphed into a vibrant year-round facility that is not only beautiful for people who live or work in the area, but

also provides patrons many activities along the nearly 1.5-mile long walkway.

“There’s always something to do in the park, no matter the season,” said Centennial Lakes Park General Manager Tom Shirley.

Croquet, lawn bowling, putting, fishing, paddleboating and boating with the Edina Model Yacht Club are all summer activities you can participate in during the warmer weather months, not to mention the weekly events such as Thursday’s Farmers Market with about three dozen vendors and the Movies in the Park at dusk on the same day. The Centennial Lakes Park Farmers Market runs 3 to 7 p.m. June 12 through Sept. 25.

“It’s great to see so many different groups

at Movies in the Park,” said Centennial Lakes Park Assistant Manager Laura Knollmaier. “We see teenagers on dates, families, seniors who bring their own popcorn. It’s great.”

Sunday, Monday and Wednesday concerts at the Maetzold Amphitheater offer a variety of musical acts while Tuesday and Thursday afternoon children’s performances offer a fun way to get kids outside during the day for some fresh air and fun.

The park is also home to the Fall into the Arts Festival, a fundraiser for the Edina Crime Prevention Fund. To be held this year Sept. 6-7, artists will showcase their work in a variety of media, including photography, sculpture, glass and more.

“The [Fall Into the Arts Festival] is very important for the Art Center and the Public Art Working Group as it gives both exposure to residents and non-residents alike,” said Art Center General Manager Michael Frey. “Many people purchase pots and watch the potters on the wheel and have a relaxing moment with their families and watch artists at work.”

Also, Centennial Lakes Park offers a great walking trail that features some of Edina’s finest public art pieces, unique flowers and landscaping.

Centennial Lakes Park boasts numerous amenities at a great value. From ice skating to croquet, films to farmers markets, Centennial Lakes Park is clearly the hidden gem of Edina.

Adaptive Programs

RECREATION SERVICES FOR PEOPLE WITH DISABILITIES

The City of Edina believes that all people have the right to participate in activities of their choice. We offer both adaptive recreation programs and inclusion services for people with disabilities.

Participants are required to complete a participant profile which will get you on our mailing list. Program catalogs are sent out three times per year. PUTTING COURSE

Centennial Lakes Park's 18 manicured bent grass greens range in length from 57 to 125 feet and are surrounded by sand traps, ponds, boulders and planter beds. Players use only a putter to negotiate these heavily undulated greens. This par 51 layout is 1,662 feet in length and takes approximately an hour and 45 minutes to play. All ages and abilities are welcome, however, due to the difficulty of the course, it is recommended that players be 8 years of age and older.

FEE: \$9 per person for 18 holes
\$5 per person for 9 holes*

**(Only available Mon-Fri, excluding holidays)*

Centennial Lakes - a 24-acre park and pond - offers the ultimate urban escape. The park features more than 1.5 miles of paved pathways meandering around a 10-acre lake and interspersed with beautifully landscaped grounds, formal and informal seating areas, swinging benches and fountains.

During the summer months, visitors can rent paddleboats; fish in the ponds for sunfish, bass and bullheads; watch remote-controlled sailboat races; explore the maze or try their luck on the putting course or croquet and lawn bowling courts. The park also hosts a variety of cultural performances in a 1,000-seat lakeside amphitheater. For a special treat, be sure to check out the weekly Movies in the Park at sunset on Thursday evenings throughout the summer.

At the Hughes Pavilion, visitors can rent banquet space for weddings, business meetings and social events. The Pavilion also serves as the center of the Centennial Lakes Farmers Market, where you can find the freshest in locally grown and produced products from late spring through fall.

Please call the Park at 952-833-9580 or check out our website for more information, www.CentennialLakesPark.com.

FEE: \$16 per court per hour

Sculpture by David Cahn

**SURREAL VISTAS: PAINTING
ABSURD BEAUTY**

(Ages 13-18)

David Cahn

Something profound happens when we realistically depict settings and subjects whose presence in a shared context can only be described as ridiculous. In this in-between field of imagination, we find ourselves most in touch with the logic and phenomena encountered in dreams. In this class, several works will be envisioned, rendered and brought to life using acrylic paint. Attention to composition and photo realism will determine the visual impact of our works. Maximum 8.

2150: Tuesdays, 6:30-9 p.m., 12 weeks – starts June 10

Cost: \$270 nm/\$243 m + \$32 supply fee

**DREAMY DAYS: SCULPTING ANIMALS
WITH REALISM, PAINTING THEM SURREAL**

(Ages 13-18)

David Cahn

Lions, rhinos, tropical birds, gorillas, whales, Komodo Dragons and more. The trick with this flavor of creation lies in our accuracy depicting these and other animals with their real-world anatomy. Once they look so real they might walk off, we will add the magic touch – vibrant bold colors, all white eyes and lush designs. Suddenly, what was once impressive yet conventional becomes commandingly dreamy. In this 12-week class, depending on individual speed, several sculptures will be dreamed up, formed and painted. Maximum 8.

2140: Mondays, 6:30-9 p.m., 12 weeks – starts June 9

Cost: \$270 nm/\$243m + \$32 supply fee

The Art Center would be pleased to host your child's next **BIRTHDAY PARTY!**

CLOUDS & WATER: PASTEL TOPICS

Laura Frykman

NEW You're already an artist, but you've always wanted to develop more skills in painting water, clouds, or some other tough visual challenge. Bring your chosen topic to this class and play your way through any mental block with demonstrations, exercises and discussion. Even for oil and acrylic painters, taking some time to break down your subject into its elements, values and rhythms will breathe new life and authenticity into your landscapes. It's like drawing with pure pigment - but without sacrificing the rich painterly colors you love. Pastels uniquely convey the dance of light. No worries about oil, turp or brushes; just bring your expressive self and a sandpaper page. *No class June 25 or July 16. Maximum 10.

LANDSCAPE PAINTING FOR YOUNG ADULTS – EN PLEIN AIRE

(Ages 13-21)

Louise Gillis

Experience “en plein aire” painting this summer. En plein aire is a French expression that translates to “in the open air” and is particularly used to describe the art of painting outdoors working in natural light and using color to define form. Plein aire painting is enjoying a renaissance within the United States. The charm of traditional landscape painting combines with the energy of the brush strokes and the magic of capturing light and shadow. We will be painting “alla prima,” laying down a scene with quick broad colorful brushstrokes in one session. In the first session, we will meet indoors to learn the essentials of landscape painting. We will then move to Rosland Park behind the Art Center. Please request a supply list. Maximum 10.

We will practice this artist’s way of looking and drawing from observation, and experiment with a number of drawing techniques that have been used by artists over the centuries. This class is geared towards beginners, but is suitable for those who wish to refresh their drawing skills or just need a class or assignment to get them going. Bring a general purpose sketchbook, approximately 9-by-12 inches. All other materials provided. *Class held at the Edina Senior Center, 5280 Grandview Square. Maximum 8.

THE 3 POWERFUL ELEMENTS OF LANDSCAPE: SHAPE, LINES, AND TEXTURES WORKSHOP

Gail Speckmann

NEW Shapes express "presence," which helps the painting view well from a distance. Each "piece" or grouping of pieces becomes a distinct shape of the landscape. By limiting the shapes to relatively few, impact is strong. Lines express "movement" which at mid-range encourages the viewer to circulate focus from one area to another. Such "movement" provides main and secondary paths of interest which act to unify the separate shapes of the landscape. Textures provide us with "tactile details" creating interest for viewing at close-up range. They intrigue, describe and delight the eye!

In order to significantly strengthen our landscapes, we will focus on these three elements. We contain ourselves to working with one color of a naturally deep value so as to allow us a full range of values (based on intensity or dilution) in a fairly neutral color (good options are black, brown or violet).

We will create several small landscapes in order to reinforce the ideas presented here. When this painting phase is completed, we will then explore adding color washes and/or color overlays to bring in varied hues.

Gail is well-known throughout the country for making the painting process fun and engaging. She welcomes students of varied levels of experience and styles.

Instructor will notify class.) *Class held at Edina Senior Center, 5280 Grandview Square.

RESTORATION OF PHOTOS IN ADOBE PS ELEMENTS

Don Clay

The editing tools in Adobe Photoshop Elements allow you to easily and quickly restore photos damaged by fading, tearing and time. This class will focus on using healing and cloning tools, selection tools and the eraser tool and give an introduction to adjustment layers. Quick fix tools also let you enhance contrast and exposure as well as sharpening the photo. Prerequisite: A Survey of Adobe Photoshop Elements. Recommended: Completion of Mastering the Selection Tools in Photoshop Elements. Maximum 4.

MASTERING THE SELECTION TOOLS IN ADOBE PS ELEMENTS

Don Clay

The magic of Photoshop Elements flows from the selection tools that let you isolate portions of your images in order to apply special effects to those portions. The Marquee, Lasso, Magic Wand and Brush tools are used to add or subtract, move, copy, paste, delete, rotate or scale a selected area of the image. The selection tools can be adjusted in many ways to customize desired effects. Maximum 4.

6441:	Mondays, 2-4:30 p.m., June 16 & 23
Cost:	\$70 nm/\$63 m + \$4 supply fee

INTRODUCTION TO LAYERS IN ADOBE PS ELEMENTS

Don Clay

Advanced users of Photoshop Elements create layers so they can separate the elements in an image and then move and transform them independently of one another. A layer can be superimposed on other layers so certain parts of the image can be colored, blurred, distorted, drawn upon, embossed or pixelated. Using layers is also the key skill involved in adding frames, shadows and watermarks as well as creating a collage of images. Prerequisite: Mastering the Selection Tools in Photoshop Elements. Maximum 4.

6450:	Mondays, 2-4:30 p.m., July 7 & 14
Cost:	\$70 nm/\$63 m + \$4 supply fee

MMG - MINNESOTA MOSAIC GUILD

The world comes alive in pattern! The Edina Art Center is pleased to host the MMG – the Minnesota Mosaic Guild – a group with tremendous talent. This show is not to be missed!

Artists work in glass, smalti, beads, broken china, commercial tiles and an array of found objects. Some art is on glass and can be hung in a window for a stained glass window appearance. There will be some three-dimensional works as well. In the past, some artists have shown their work on pieces of furniture.

MMG was started in 2004 to promote the art of mosaic, foster exploration and experimentation in the media, provide educational opportunities in mosaics and share and celebrate the diversity of experience and knowledge in the media. Members emerge from a multitude of artistic backgrounds, including sculpture, art instruction, jewelry making, graphic design and oil painting. Several of our members are professional mosaicists whose work can be seen throughout the Twin Cities.
