MAKE THIS WINTER THE BEST ONE YET WITH EDINA PARKS & RECREATION

By Mia Vacanti

Make the most of Minnesota's long winters by getting out of the house and staying active. Whether you prefer to embrace the outdoors or stay warm indoors, Edina Parks & Recreation offers something for everyone to do this time of year.

"We want to encourage people to get out and get moving," said Parks & Recreation Assistant Director Susan Faus. "It is important to stay active, even during the winter."

Outdoor ice rinks are among the most popular winter activity destinations, with 12 located around the city.

Each year as the weather permits, the rinks are flooded and maintained throughout the skating season. Every rink is lit and accompanied by a warming house. Hours are 4 to 9:30 p.m. Monday through Friday, 9 a.m. to 9:30 p.m. Saturday and 1 to 8 p.m. Sunday. There are special hours on holidays and non-school days. In addition, Braemar's Backyard outdoor rink will host open skating Friday evenings from 8 to 9:30 p.m.

The largest sheet of ice in Edina can be found at Centennial Lakes Park, a 10-acre lake that is groomed daily. Complementing the rink is a cozy, rink-side warming

house, complete with indoor and outdoor fireplaces, restrooms, concessions and skate rental. There is no admission charge for skating.

Other outdoor activities residents can enjoy during the winter are cross-country skiing and snowshoeing on the groomed 1.7- and 1.19-mile-long trails at Braemar Golf Course. The trails are free to use, but equipment is not available for rent. For those looking to keep their golf skills strong during the off-season, Braemar Golf Dome is nearby. The Tin Fish restaurant at the Golf Course clubhouse remains open year-round.

Also nearby is Braemar Field, an artificial field that is domed from November through April. From 6:30 to 8:30 p.m. Saturdays, take part in Family Night under the dome, where participants can run laps, play in the open field or take turns in the batting cages.

"There is something for everybody to do in our system of parks," said Parks & Recreation Director Ann Kattreh. "There are indoor and outdoor activities for adults, kids and families, indoor athletic facilities, trails, rinks and many more options for staying active."

For those who prefer to stay inside, there are plenty of indoor activities available to residents during the winter. Edinborough Park, one of the metro's premiere indoor parks, offers multiple indoor activities for all ages with its 82-degree swimming pool, 1/16-mile track and children's playground, Adventure Peak. All amenities are available with a daily admission fee.

All of the City's parks are maintained throughout the winter, with removal of snow from trails, making the walking paths accessible year-round. Each park has a shelter building, which is available for rent and makes a great place to host a birthday party, reunion and more.

"We want people to take advantage of everything the City has to offer in every season," said Faus.

ARTIST STUDIO FIELD TRIP WITH MEL JACOBSON

Visit Mel Jacobson's studio, learn about his lengthy relationship with art and clay, and share his wisdom! Mel, a graduate of the old West High School in Minneapolis, concluded his education with a master's degree in painting from the University of Minnesota.

His teaching career began in Ely, Minnesota. He returned to the Twin Cities and began teaching at Hopkins Public Schools. He built his program into one of the finest high school ceramics programs in the nation. Named one of the outstanding ceramic educators in America by New York University and *Studio Potter* magazine, at the height of Mel's career, he was teaching six ceramic classes a day, attended by 185 students. He retired from Hopkins in 1992 after 34 years of teaching.

The 1980s were marked by three trips to Dubai and Abu Dhabi, where Mel helped establish an art center for expatriate oil families. Several solo exhibits were held at the Dubai International Art Center.

Additionally, Mel was an adjunct professor of art at the University of Wisconsin for 16 years. Teaching at Pigeon Lake summer art camps was the start of his ideas for adult shared learning. This program has now flourished at his Hay Creek Studio Camp on his farm in Wisconsin. As director, he has made a place for professional artists and teachers to gather each summer and share ideas in art, ceramics, craft and theory.

Mel maintains a full-time studio in Minnetonka. He fires in a 45-cubic-foot "Minnesota Flat Top" kiln using traditional functional forms and glazes at stoneware temperatures. Sales are held at the studio several times each year. Mel continues to make pots and paint at a steady rate, and does custom work for churches and private collectors. Maximum 10.
