RECOMMENDED QUOTE OR BID:		
Environmental Systems Research Institute, Inc. (ESRI)		\$ 36,337.50
GENERAL INFORMATION:		
<p>This purchase is a sole source purchase to upgrade our current Geographic Information System (GIS) software; we currently have ESRI software for our GIS system. A purchase of a SQL data base server hardware and software will also be needed to run this software; this purchase will occur within the next few weeks. These purchases are part of the 2012-2016 Capital Improvement Program item UT-12-008. These upgrades will provide better inventorying of our infrastructure, thereby providing a better level of service to the end users.</p>
